Advisory

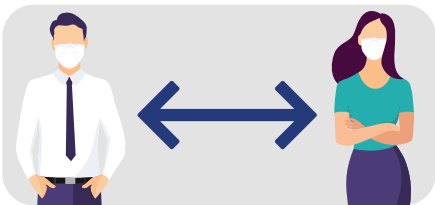

Everyone's safety
is our priority.

TO OUR VALUED CLIENTS:

As part of our safety measure to minimize the spread of Covid-19, all clients are encouraged to do the following:

Use hand sanitizers located in our lobby before making a transaction. Face masks and gloves are also necessary for everyone's safety.

Social distancing is strictly imposed. All transactions will be done over the teller's counter cage. Our PNB employees will facilitate depending on your transactions and give further instructions.

To minimize over-the-counter remittance transactions, we highly encourage everyone to use our mail-in remittance form which you can download from our website.

Thank you for your continued understanding and patronage.
