These financial statements are filed as part of this SEC Form 17-Q report under pages 7 to 15, viz:

- Consolidated Balance Sheet (p. 7)

- Consolidated Statements of Cash Flows (p. 10)
- Selected Notes to Consolidated Financial Statements (p.11-15)

# ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### A. Financial Condition

As of September 30, 2008, the group's consolidated assets reached P256.0 billion, an increase of P16.3 billion from P239.7 billion as of December 31, 2007. The increase primarily came from the deployment of proceeds from the additional P6.0 billion Tier 2 Capital issued in June 2008 and new loan releases.

Significant changes (more than 5%) in asset accounts are as follows:

- Securities at Fair Value Through Profit or Loss increased by <del>P</del>7.3 billion from <del>P</del>3.2 billion to <del>P</del>10.5 billion accounted for by additional investments in foreign securities.
- Available for Sale Securities went up by P12.5 billion, from P44.8 billion to P57.3 billion due to additional investments in government securities.
- Interbank Loans Receivable was higher by P3.3 billion from P13.2 billion to P16.5 billion.
- Loans and Receivables increased by P9.2 billion from P76.6 billion to P85.8 billion attributable to new loan releases.

- Due from Other Banks increased by P0.4 billion from P4.0 billion to P4.4 billion as the balance of accounts maintained with foreign banks increased.
- Securities Held Under Resell Agreement decreased by P8.2 billion, from P11.2 billion to P3.0 billion as funds were placed to other investments.
- Due from Bangko Sentral ng Pilipinas (BSP) declined by P6.6 billion from P27.9 billion to P21.3 billion due to maturity of special deposit account with BSP.
- Cash and Other Cash Items decreased by P0.8 billion from P4.8 billion to P4.0 billion.
- Held to Maturity Investments was lower by P52.3 million, from P446.1 million to P393.8 million due to matured investments in government bonds.
- The consolidated liabilities increased by P18.5 billion from P209.5 billion as of December 31, 2007 to P228.0 billion as of September 30, 2008. Major changes in liability accounts are as follows:
  - Financial Liabilities at Fair Value Through Profit or Loss pertains to the additional <del>P</del>6.0 billion Tier 2 Capital issued in June 2008, primarily to refinance outstanding Tier 2 notes callable in February 2009 and to further strengthen capital.
  - Deposit Liabilities increased by P8.8 billion from P178.8 billion to P187.6 billion. The growth came from savings deposits which went up by P14.0 billion partly offset by decreases in demand and time deposits by P0.9 billion and P4.3 billion, respectively.
  - Bills and Acceptances Payable was higher by P5.7 billion, from P4.3 billion to P10.0 billion on account of foreign borrowings.
  - Other Liabilities decreased by P2.0 billion, from P13.7 billion to P11.7 billion mainly due to settlement of accounts under bills purchased line.
  - The consolidated equity stood at P28.0 billion as of September 30, 2008 and P30.2 billion as of December 31, 2007. The P2.2 billion decrease in capital accounts was due to combination of the net unrealized losses on mark to market valuation of available for sale investments brought about by the adverse financial market and amortization of deferred losses on sale of NPA's to SPVs partly offset by the net income for the nine months ended September 30, 2008.

### B. Results of Operations

 The consolidated net income for the Group reached P856.8 million for the first nine months of 2008, down by P255.8 million compared to P1,112.6 million net income for the same period last year attributable mainly to losses in mark to market valuation of investments securities influenced by the global crisis.

- Despite market adversities, net interest income increased by P0.3 billion to P4.6 billion for the first nine months of 2008 from P4.3 billion for the same period last year attributed mainly to lower cost of deposits due to favorable changes in the deposit mix.
- Net service fees and commission income amounted to P1.7 billion and P1.8 billion for the first nine months ended September 30, 2008 and 2007, respectively.
- For the first nine months of 2008, trading and investment securities registered a net loss of P918 million due to mark to market loss adjustments. Foreign exchange net gains amounted to P2.1 billion, P1.4 billion higher than P0.7 billion last year. Miscellaneous income decreased by P0.4 billion, from P1.2 billion to P0.8 billion.

With the volatility of the financial market in view of the current global financial crisis, there may be a possible fluctuation on gains or losses on mark to market valuation of investment securities of the Bank.

- Total operating expenses went down by P0.6 billion, from P 7.4 billion to P6.8 billion accounted for mainly by lower provision for impairment and credit losses by P640.2 million from P928.0 million to P287.8 million for the nine months ended September 30, 2007 and 2008, respectively.
- Provision for income tax amounted to P719.2 million and P481.3 million for the nine months ended September 30, 2008 and 2007, respectively.

### D. Known trends, demands, commitments, events or uncertainties

The Bank's initial Tier 2 Note issue amounting to P3.0 billion will be up for repricing or, if the Bank opts, for repayment in February 2009, If the Bank opts for repayment, it expects to sufficiently service the maturity on due date using its current excess liquidity and/or other traditional sources of funding (i.e. deposits, free and available securities, etc).

With the volatility of the financial market in view of the current global financial crisis, there may be a possible fluctuation on gains or losses on mark to market valuation of investment securities of the Bank.

### E. Events that will trigger direct or contingent financial obligation

In the normal course of business, the Group makes various commitments and incurs certain contingent liabilities that are not presented in the financial statements including several suits and claims which remain unsettled. No specific disclosures on such unsettled assets and claims are made because any such specific disclosures would prejudice the Group's position with the other parties with whom it is in dispute. Such exemption from disclosures is allowed under PAS 37, *Provisions, Contingent Liabilities and Contingent Assets*. The Group and its legal counsel believe that any losses arising from these contingencies which are not specifically provided for will not have a material adverse effect on the financial statements.

### F. Material off-balance sheet transactions, arrangements or obligations

The summary of various commitments, contingent assets and contingent liabilities as of September 30, 2008 and December 31, 2007 at their equivalent peso contractual amounts is presented in the Note 4 to Consolidated Financial Statements on page 14 of this report.

### G. Capital Expenditures

The Bank has commitments for capital expenditures. Among these are investments on ITrelated projects, leasehold improvements, major repairs of bank-owned buildings, relocation and renovation of branch buildings, acquisitions and major repairs of furniture, fixtures and equipment needed to bring the Bank at par with competitors. Expected sources of funds for the projects will come from sale of acquired assets and funds generated from the Bank's operations.

### H. Significant Elements of Income or Loss

Significant elements of the consolidated net income of the Group for the nine months ended September 30, 2008 and 2007 came from its continuing operations.

### I. Seasonal Aspects

There are no seasonal aspects that had a material effect on the Group's financial condition and results of operations.

### J. Other Bank Activities

### • PNB Ties Up With RD Cash Padala, Inc.

PNB has partnered with RD Cash Padala, Inc. to bolster its distribution network and provide greater convenience to OFW beneficiaries. RD Cash Padala is a fully automated money transfer agent, capable of handling large payout transaction volumes quickly. It has 436 outlets nationwide operating under the name RD Pawnshop, Inc. which are open 7 days a week on extended hours.

### • PNB Mabuhay Plus Fund: The More Affordable Way to Invest in the SDA

Recently, the market has seen the increased popularity of the Special Deposit Account or the SDA which offers interest rates higher than yields on government securities. For one million pesos, retail investors were given a chance to invest in the SDA after the Bangko Sentral ng Pilipinas (BSP) allowed trust departments of banks to access this facility and offer it to their clients.

For as low as P25,000, small investors may now participate in the SDA through the Philippine National Bank's (PNB) Mabuhay Plus Fund. This became possible after PNB modified the portfolio of its Mabuhay Plus Unit Investment Trust Fund by investing heavily in the SDA. The Mabuhay Plus Fund is a peso-denominated, unit investment trust fund (UITF) where funds of various investors are pooled together for investment in a mixed portfolio of short and long term fixed income instruments. Minimum holding period is only 30 days. Investors realize substantial savings as all transaction costs, fees, commissions and other charges are equally distributed and shared by all those who participate in the fund. The PNB Mabuhay Plus Fund is handled by professional fund managers who actively manage the fund and monitor the market for any possible investment opportunities.
