PART I - FINANCIAL INFORMATION

ITEM 1. FINANCIAL STATEMENTS

The accompanying consolidated financial statements of Philippine National Bank (PNB) and its Subsidiaries (the Group) which comprise the consolidated statements of financial position as of September 30, 2010 and December 31, 2009 and the consolidated statements of income, statements of comprehensive income, statements of changes in equity and statements of cash flows for the nine months ended September 30, 2010 and September 30, 2009, have been prepared in accordance with the accounting principles generally accepted in the Philippines for banks (Philippine GAAP for banks), particularly the reclassification in 2008 as permitted by the BSP for prudential regulation and the SEC for financial reporting purposes, of certain investments of the PNB (the Parent Company) in Republic of the Philippines (ROP) credit-linked notes from available for sale investments (AFS) to held-to-maturity (HTM) investments and the related embedded derivatives previously bifurcated and classified as financial assets at fair value through profit or loss (FVPL) to HTM investments. Other than the aforementioned reclassification and the deferral of the losses on sale of the non-performing assets (NPAs) to special purpose vehicle (SPV) companies and non-consolidation of the SPV which were allowed separately by the BSP, the financial statements of the Group have been prepared in compliance with Philippine Financial Reporting Standards (PFRS).

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

A. Financial Condition

- The group's consolidated assets reached P307.0 billion as of September 30, 2010, P23.7 billion above P283.3 billion as of year-end 2009. Significant changes (more than 5%) in assets were registered in the following accounts:
 - Securities Held Under Agreements to Resell increased by P11.7 billion from P5.6 billion to P17.3 billion as lending transactions with BSP increased.
 - Available for Sale Securities was higher by P13.5 billion from P16.6 billion to P30.1 billion on account of purchases of government securities.
 - Financial Assets at Fair Value Through Profit or Loss went up by P5.6 billion from P10.5 billion to P16.1 billion attributed mainly to acquisition of government securities.
 - Due from Bangko Sentral ng Pilipinas (BSP) increased by P1.4 billion from P20.9 billion to P22.3 billion, accounted for by the reserve deposit account with BSP.
 - Other Assets was higher by P0.7 billion from P9.4 billion to P10.1.
 - Interbank Loans Receivable decreased by P4.4 billion from P24.3 billion to P19.9 billion in view of lower interbank lending.

- Held to Maturity Investments was lower by P3.7 billion, from P41.9 billion to P38.2 billion attributed to matured investments in government securities.
- Cash and Other Cash Items was lower by P1.6 billion from P6.1 billion to P4.5 billion.
- Investment Properties decreased by P1.3 billion from P22.2 billion to P20.9 billion mainly due to sale of properties.
- The consolidated liabilities increased by P21.4 billion from P252.3 billion as of December 31, 2009 to P273.7 billion as of September 30, 2010. Major changes in liability accounts were as follows:
 - Deposit Liabilities grew by P18.9 billion from P214.3 billion to P233.2 billion.
 Demand, savings and time deposits increased by P7.4 billion, P10.6 billion and P0.9 billion, respectively.
 - Bills and Acceptances Payable was higher by P1.9 billion, from P7.8 billion to P9.7 billion, on account of additional borrowings from other Banks.
 - Accrued Taxes, Interest and Other Expenses increased by P0.4 billion from P5.0 billion to P5.4 billion in view of higher accruals on deposit liabilities.
 - Other liabilities increased by P0.7 billion from P13.0 billion to P13.7 billion.
 - Financial Liabilities at Fair Value Through Profit or Loss decreased by P0.4 billion from P6.7 billion to P6.3 billion in view of the recovery of mark to market losses on cross currency and interest rate swap contracts.
 - The consolidated equity reached P33.2 billion as of September 30, 2010, up by P2.2 billion from P31.0 billion as of December 31, 2009. The increase in capital accounts came primarily from the P2.5 billion net income for the first nine months of 2010 and P0.5 billion recovery on net unrealized loss on mark to market valuation of available for sale investments, partly offset by the P0.6 billion amortization of deferred losses from sale of non-performing assets to SPV companies and P0.1 translation adjustment.

B. Results of Operations

- PNB posted a consolidated net income of P2.5 billion for the nine months ended September 30, 2010 or P0.4 billion higher than the P2.1 billion consolidated net income for the same period last year, and even surpassing the 2009 consolidated net income of P2.2 billion.
- Net interest income stood at P5.7 billion for the first nine months of 2010, slightly lower than the P6.0 billion net interest income reported for the same period last year, due mainly to lower average yield rate on loans and investments. Interest expense went down by P0.4 billion from P3.9 billion to P3.5 billion.

- Net service fees and commission income remained the same as last year at P1.7 • billion.
- For the first three guarters of 2010, fee-based and other income improved by P1.8 • billion to P5.7 billion from P3.9 billion. This was brought about by trading and investment securities gains which increased by P1.6 billion on account of higher gains on sale of securities as well as favorable mark to market valuation and Foreign exchange net gains however was lower by P0.9 billion. P1.1 billion increment in miscellaneous income mainly from gain on sale of foreclosed properties.
- Administrative and other operating expenses was up by P1.1 billion from P9.0 billion • to P10.1 billion, largely due to additional provision for impairment and credit losses of P1.3 billion which was set up to cover loans and receivables as well as foreclosed assets partly offset by decline in compensation and fringe benefits considering expenses related to the early retirement program effective December 31, 2008 and the new Collective Bargaining Agreement which were taken up in 2009.
- Provision for income tax for the nine months ended September 30, 2010 and 2009 • were both at P0.6 billion.

No specific disclosures on such unsettled assets and claims are made because any such specific disclosures would prejudice the Group's position with the other parties with whom it is in dispute. J. Other Bank Activities

• Philippine National Bank 2010 Dollar Promo

Dollar depositors of Philippine National Bank (PNB) are in for a special treat with the launch of the Bank's 2010 raffle promotion where three brand new cars are up for grabs. New and existing (individual and joint) depositors who open and maintain a PNB Dollar Savings Account, Dollar Savings-Special-OCW/Beneficiary Account, Dollar Checking Account or Greencheck Account from June 1 to November 30, 2010 get a chance to win a 2010 Hyundai Tucson GL 2WD (MT) or one of two 2010 Toyota Vios Js (MT). These prizes are being given away tax-free.

To qualify for raffle points, account holders only need to make a fresh deposit of US\$500 during the 6-month promo period. Existing depositors get one electronic raffle entry for every US\$500 incremental deposit. On top of this, every US\$500 of their May 2010 year-to-date average daily balance (ADB) will be entitled to additional raffle numbers. New clients, on the other hand, get a raffle point for every US\$500 of their computed average month-to-date ADB for 6 months. Hence, the bigger the deposit, the more chances one gets to drive home a brand new car. This promotion is a follow-up to the Bank's highly successful Dagdag Dollar, Dagdag Swerte marketing campaign in 2009.

• Philippine National Bank first bank to offer Western Union Money Transfer across three continents in 13 countries

PHILIPPINE NATIONAL BANK AND SUBSIDIARIES SELECTED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1) Accounting Policies and Methods

The accompanying consolidated financial statements of Philippine National Bank (PNB) and its Subsidiaries (the Group) which comprise the consolidated statements of financial position as of September 30, 2010 and December 31, 2009 and the consolidated statements of income, statements of comprehensive income, statements of changes in equity and statements of cash flows for the nine months ended September 30, 2010 and September 30, 2009, have been prepared in accordance with the accounting principles generally accepted in the Philippines for banks (Philippine GAAP for banks), particularly the reclassification in 2008 as permitted by the BSP for prudential regulation and the SEC for financial reporting purposes, of certain investments of the PNB (the Parent Company) in Republic of the Philippines (ROP) credit-linked notes from available for sale investments (AFS) to held-to-maturity (HTM) investments and the related embedded derivatives previously bifurcated and classified as financial assets at fair value through profit or loss (FVPL) to HTM investments. Other than the aforementioned reclassification and the deferral of the losses on sale of the non-performing assets (NPAs) to special purpose vehicle (SPV) companies and nonconsolidation of the SPV which were allowed separately by the BSP, the financial statements of the Group have been prepared in compliance with Philippine Financial Reporting Standards (PFRS).

The same accounting policies and methods have been followed in the preparation of the accompanying financial statements as compared to 2009 Audited Financial Statements.

2) Redemption of Subordinated Note

As approved by the Monetary Board of the BSP in its Resolution No. 46 dated January 8, 2009, the P3.0 billion Unsecured Subordinated Debt was redeemed in February 2009 prior to maturity in 2015 under the exercise of call option.

3) Issuance of Long-Term Negotiable Certificate of Time Deposits (LTNCD)

On March 27, 2009, PNB issued P3.25 billion LTNCD, which will mature in 2014, to expand the Bank's long term deposit.

Among the significant terms and conditions of the issuance of such LTNCDs are:

- a. The LTNCDs will be issued at a minimum investment of P0.5 million and in increments of P0.1 million thereafter. The LTNCDs will be issued in scripless form.
- b. Issue price at 100% of the face value of each LTNCD.

- c. The LTNCDs bear interest at the rate of 6.50% per annum from and including March 27, 2009 to but excluding June 30, 2009. Interest will be payable quarterly.
- d. Subject to the BSP Rules, the Parent Company shall have the option, but not the obligation, to pre-terminate and redeem all and not part of the LTNCDs before the maturity date on any interest payment date.

4) Segment Information

Business Segments

The Group's operating businesses are determined and managed separately according to the nature of services provided and the different markets served with each segment representing a strategic business unit. Group's business segments follow:

Retail Banking - principally handling individual customers' deposits, and providing consumer type loans, credit card facilities and fund transfer facilities;

Corporate Banking - principally handling loans and other credit facilities and deposit accounts for corporate and institutional customers; and

Treasury - principally providing money market, trading and treasury services, as well as the management of the Group's funding operations by use of T-bills, government securities and placements and acceptances with other banks through treasury and wholesale banking.

These segments are the bases on which the Group reports its primary segment information. Other operations of the Group comprise of the operations and financial control groups. Transactions between segments are conducted at estimated market rates on an arm's length basis. Interest is credited to or charged against business segments based on a pool rate which approximates the marginal cost of funds.

For management purposes, business segment report is done on a quarterly basis. Business segment information provided to the chief operating decision maker (CODM) is based on the Regulatory Accounting Principles (RAP) submitted to the BSP in compliance with the reportorial requirements under the Financial Reporting Package (FRP) for banks, which differ from PFRS. The report submitted to CODM represents only the results of operation for each of the reportable segment. The Group has no significant customer which contributes 10% or more of the consolidated revenue.
